

Hi there!

Welcome to MyTutor. We are delighted to be supporting your child with one-to-one online tuition this term.

We know that regular attendance with MyTutor lessons can help students make **1 whole grade of progress**. We want to make sure your child achieves this same level of progress - or more.

That's where we need your help. You can keep your child's studies on track by:

1. **Reminding** them to log into their MyTutor sessions each week at www.mytutor.co.uk/schools/login
2. **Checking in** to ask how the lessons are going
3. **Reading through our Parent Welcome Pack** for all the info you need on how MyTutor works, and how to help your child get the most from their lessons
4. **Giving them** a pat on the back after each lesson to praise them for their commitment

You might also want to share some of the feedback we've had from other students who had MyTutor lessons this year, so they can hear what others had to say about their experience:

"It makes understanding certain topics easier, and being able to specify which areas I struggled with has helped with my understanding."

"It's personalised to you, and you can get the one to one help that you might not be able to get in lessons. It also allows you to go over things as many times as you need, and offers new learning methods, which help further."

If you have any questions about MyTutor, the teacher running the programme at your school will be able to help. Otherwise, we hope your child really enjoys their lessons with us - and we wish you all the best for the rest of term!

The MyTutor Team
